	<p>A classic Piedmontese wine, pairs perfectly with main and substantial dishes. Obtained from grapes harvested in vineyards with good sunlight exposure; slowly vinified to extract all noble grape components and emphasize their unique, beneficial qualities. Bottled after full maturation, it further refines in the bottle, and can be aged for several years. With its ethereal fragrance and intensely ruby-red in colour, it is deeply satisfying and urges a pause to enjoy its full complexity.</p>
